9. What I especially liked during the Learning Visit.....10 responses

I liked all the practices, I learned something new from each of them.

The Workshops are all very helpful and inspiring

The ability to participate as fully as practically possible via Video link

Very balanced program, opportunity to communicate with participants, demonstration and trying out different coaching techniques

new techniques useful not only for the coaches...

discussions, social events

practical examples

The agenda was well balanced, there was insight into coaching in education and business sectors, visit to various sights, lots of practical work and reflection.

Opportunity to visit Rijeka was great and having had a reception at Mayor's office was excellent! It proved to us that coaching is a topical issue.

On top of that it was great to meet the colleagues again after the prolonged travel ban.

Thank you to the hosts and organisers! Well done!

Finally our face to face meeting.

Technique ~Metaphor" and live coaching session

Workshop with active participation

10. It would be better if.....6 responses

If I could have been there - also, it would be worth considering design of activities for hybrid attendance (i.e. some attending face to face, others virtually)

Everything was fine for me. Thank you organizers and hosts!

the Covid situation would not limited the entrance in the pharmaceutical company

the visit took longer.

we could visit Pharmacy and obtain more details about In scenario technique.

Congratulations for all!

We had More time in private school workshop, some informatīvo about Croatia schooling
