

Please read the question and prompts on your card! You will have a few moments to organise your thoughts and then I'd like you to tell us what you think. You should speak for four minutes. I will tell you when to stop. There are some ideas on the card to help you if you want, but you don't have to use them. You can use your own ideas if you like.

NB The interviewer should ask questions like *Why? Why not? Can you tell me anything more about...? Can you give me an example?* to encourage the participant to expand upon their answers.
